CHAMBER HEARS VIVID OUTLINE OF ADVANCE IN SCHOOL METHODS

Miss E. Marie Sandholdt Tells Of New Emphasis In Education

Opening her talk with the modern maxim "Inflexible tradition must give away to an intelligent direction." Miss E. Marie Sandholdt, vice principal and for many years instructor at the Washington Union high school Monday told the Niles Chamber of Commerce of changes made in educational methods during the last decade. Miss Sandholdt was secured as speaker of the day by A. J. Rathbone, high school principal, under whose direction the Schools Week program was put on.

Emphasizing the necessity for human understanding in the schools, Miss Sandholdt stated that the student was no longer regarded as a machine to be groomed for higher education, but rather was sounded for his particular capabilities. She told of the value of "tool" subjects, designed to add to those capabilities.

Miss Sandholdt stated that particular phases of education heretofore neglected were beginning to find a place in the system. Among subjects along this line, she said, were "social living," to educate people to live harmonously in society and the world at large, and "living alone" to enable the pupil to seek out and appreciate worthwhile things alone. In discussing the "Human side of schools," Miss Sandholdt said that educators were beginning to realize more and more that a student taught tolerance and right living in the schools will live the abundant life.

In her conclusion, Miss Sandholdt told briefly of the segregation of pupils into classes, for the purpose of bringing out in each child that which they do best. She stated that building self respect in a student was one of a teacher's greatest and most valuable tasks.

Immediately preceding Miss Sandholdt's talk, a number of high school pupils, under the direction of Salvador Billeci, music instructor, sang and played a number of selections chosen from the recent high school operetta "Once in a Blue Moon." Headed by a duet by Edna Salmon and Joseph Hernandez, the program consisted otherwise of a trombone solo by Cecil Bettencourt, and a number by the high school quintet, Students who sang: Barbara Straub, Madelyn Silva, Lyle Fisher, Edna Salmon and J. Hernandez, Estelle Martenstein was piano accompanist.

Prior to the program, secretary Petsche read several letters praising the Niles Wildflower show. President Jones discharged the Wildflower committee, and appointed a committee to represent Niles at the Livermore Rodeo. Principal A. J. Rathbone, before introducing Miss Sandholdt, told some interesting facts about the cost of education.

Ray Peterson, Boy Scout official, asked the chamber, if, as a sponsoring body, it would appoint the Scout commissioners this time.

Mr. and Mrs. Milton Fournier spent Sunday at Santa Cruz.

CHARLES R. DERLETH, FAMOUS ENGINEER, MEN'S CLUB SPEAKER

Bay Bridge Designer To Give Illustrated Talk May 3

Holding to its practice of giving programs of outstanding interest, the Men's Club of Washington Township, will meet a week from tonight at the Club house in Centerville to hear an address by Charles R. Derleth one of the leading structural engineers of the world.

Dean of the college of civil engineering at the University of California, and consulting engineer for large structural concerns, Dean Derleth, is one of the designers and head engineers of the San Francisco bay bridge. He will give an illustrated talk on the bay bridges. His interest in his chosen work is illustrated by the fact that Dr. Derleth was working out structural designs for the San Francisco bay bridge long before the project was suggested. He was secured as speaker at the club meet by Allen G. Norris, club president.

Musical entertainment at the gathering will consist of a number of vocal selections by "The Sequoians" outstanding male quartet of the west coast. An accordionist will also contribute to the musical program.

Dinner, prepared and served by the ladies of the Country Club, under the direction of Mrs. Frank Dusterberry, will be served at 6:45 p. m. Members are urged to be on time. Dinner will be $1.00 per plate.

BROTHERS SENTENCED TO COUNTY JAIL FOR BATTERY

Accused of cruelly beating a woman and her niece at Mission San Jose Monday, two brothers, Cruz and Peter Tirres, pleaded guilty to charges of battery Tuesday when arraigned before Judge J. A. Silva at the Niles justice court. The two men were sentenced to thirty days in the county jail.

The Tirres brothers were arrested by Hugo Radbruch and O. W. Ebright Monday on complaint of Rosie Tirres, wife of Cruz Tirres. She and her niece, Carolyn, had been badly beaten.

The alleged beatings came to light when Miss Barbara Bradley, health nurse, investigated the absence of the young girl from school. Miss Bradley called the attention of the officers to the case.

Mr. and Mr. W. H. Ford spent the week-end at their Niles home. They returned to San Francisco Sunday evening.

CANNING TOMATO ACREAGE HIGHEST IN THREE YEARS

Crop Double That Of 1933. "Free" Crop Is Increased

Washington township will agian take a definite place in the canning tomato raising districts of the state this year, is the forecast of growers, who began last week to set out the largest acreage here in several years.

In the Santa Clara valley as a whole, the center of the tomato raising industry, canners had last week signed contracts for more than 39,496 acres, more than double the acreage signed last spring. In addition to that already contracted, canners indicated that they will sign a total of 9024 acres more. This would bring the total, sold before canning, to 48,530 acres.

To these figures can be added 15,000 acres more on which growers will "gamble." These growers do not contract their crops but sell on open market when the tomatoes are picked.

Acreage contracted in southern Alameda county up to last week was 4659 acres. Other counties figuring in the total are: Santa Clara, San Mateo, Monterey, Santa Cruz and San Bonito.

No figures have been compiled as yet on the crop of tomatoes which are packed for sale on the fresh markets of the east or for domestic consumption.

SCHOOL ACTIVITIES BEING DISPLAYED ALL THIS WEEK

School Week Program Is Held At High School Last Night

School week, a period set aside each year to bring the work of the schools before the public, opened Monday with a series of activities scheduled for Washington township institutions. Of the programs slated, the one held yesterday at the Washington Union high school at Centerville, drew widest attention. A community program, in which a number of schools participated, was staged at the high school last night.

Beginning at 8:00 p. m., the program consisted of the following parts with the following schools performing:

Mission school: pledges to the Flag, and selections by the Toy Orchestra.

Newark: spelling match, arithmetic stunts, selections by the Newark orchestra.

Alvarado: minuet, violin solo by Miss Doris M. Kinne, accordian solo by Walter Sasolis, and selections by the Alvarado grammar school orchestra.

The address of the evening was delivered by Earl Warren, district attorney of Alameda county.

The Niles grammar school, in addition to open house held Tuesday evening at 7:30 o'clock, will have a visitors day today. Of special interest in the Niles work shown were examples of basketry and woodwork. Visuals aids, as a help to pupils, were displayed and explained.

The Centerville grammar school, after a program held yesterday at 1:00 o'clock, will be open for another visitor's day tomorrow. Library work is among the displays stressed.

According to teachers in the local schools, the displays are the best ever shown. The work of every child is being shown. Samples of work in subject matter as well as the various activities carried on through the year are being displayed.

COUNTY CONCILIATION COMMISSIONER NAMED; TO ASSIST FARMERS

ALLEGED FORGERS TAKEN BY LOCAL OFFICERS FRIDAY

Two Oklahoma Youths Seized Near Newark; Confess Crime

Careful watch of all possible points where they might seek sanctuary, Friday resulted in the arrest of two Oklahoma youths, alleged to have forged a number of checks in their home state.

The two men, Charles Wyatt, 21, and Earl Springer, 20, were taken into custody by Deputy Sheriff Hugo Radbruch and Constable O. W. Ebright, when they were discovered hiding near Newark. The arrest was made for the sheriff of Newkirk, Kay county, Oklahoma, on charges brought for alleged forgeries a month ago. The warrant had been sent to the local officers.

Both youths confessed and waived extradition. They will be returned to the Oklahoma officials.

Berry Grower Nabbed For Deceptive Pack

Pleading guilty to a charge of deceptive packing of strawberries, T. Nitta, Warm Springs grower, was given sixty days probation Monday by Judge J. A. Silva.

Nitta was arrested on April 19, for violation of a section of the agricultural code. The charge was brought by W. B. Kirk, inspector.

In view of the fact that his berries were all of excellent quality, and violated the code only insofar as putting the larger berries on the top of the baskets, Nitta escaped the maximum fine.

CAMPAIGN WILL BE WAGED AGAINST CITY SPEEDERS

Niles will become less of a speedway for enthusiastic motorists in the future, if efforts of merchants and the Niles Chamber of Commerce bring the desired result.

On complaint of a number of merchants on West First street, the Niles civic group will take up the problem. It has been the practice of many motorists, both of the touring and domestic species, to race into town at high speeds. Although no accidents have occurred up to the present time, merchants are concerned about their customers, who must cross the street. Capt. Louis Elke, of the highway patrol, informed of the problem, stated that he will investigate it.

Mr. and Mrs. Frank Fields entained as dinner guests Sunday Mrs. Coletta Reis and daughter, Nora, of Oakland; Mr. and Mrs. Joaquin Fields and children, Doris May and Lowell Kay, of San Jose; and Mr. and Mrs. Fred Hazen and children, Lois May and Allen, of Chicago.

MOTHER'S DAY comes on Sunday, May 13, this year, so it's time you picked out a nice card from the beautiful display at Hayward Drug Co., 950 B street, Hayward.

Haas' fresh candy, too, all dressed up for the occasion. Mother likes candy, you know.

E. Max Stevenson Gets Appointment to Debt Relief Post

Centerville has again demonstrated the appropriatness of its name. It is now the home of the Conciliation Commissioner for Alameda county, under Amendment No. 75 to the Federal Bankruptcy Law. This means that debt-burdened farmers from all over Alameda county can come to Centerville, and file their petition for relief with Eugene M. Stevenson, who has just been appointed to this position by the United States District Court, making the ninth county in the State of California to get a Conciliation Commissioner.

Stevenson is a graduate of the Stanford University Law School, class of 1928, and has had several years of experience in San Francisco. He has only recently returned to Centerville and hung out his shingle as an attorney-at-law. In accepting this position Stevenson has shown commendable public spiritedness, as the financial returns are very small.

The law, under which Stevenson was appointed, reads as follows: "Upon petition of at least fifteen farmers within any county who certify that they intend to file petitions under this section, the Federal Court is authorized to appoint a Conciliation Commissioner for that county." Briefly put, this commissioner is to act in the capacity of attorney for the farmer before the court, and procure a composition of the farmer's debts. The court assists him in doing this by granting an extension of time, even to the extent of three years, if need be, in order to work out an agreement which will enable the farmer to rehabilitate himself. During the time given by the court, the property is immune from all actions in the state courts.

The Farmer's Protective League, recently organized in Centerville, will hold their next meeting on Monday evening, April 30th, at the Centerville high school. The principal speaker will be Richard Loweli Miller, of Oakland, who is familiar with the work of helping farmers to take advantage of this very beneficient law. It is expected there will be a large gathering of the farmers of the county, not only to hear Mr. Miller, but also to meet the new Conciliation Commissioner.

NEW RESIDENTIAL TRACT OPEN THIS WEEK IN NILES

The real estate firm of Jones & Ellsworth, Niles, this week opened one of the largest and most desirable building tracts ever to be offered for residential building in Niles.

Known as the Shinn Tract, situated west of town for two blocks on the extension of First and Second streets, the piece contains thirty-two lots. All street work, finished some time ago, will be supplemented with sewer connection, sidewalk and curbs. Work on the latter three improvements was started yesterday.

According to E.A.Ellsworth, the district will have full residential restrictions. Building restrictions will keep the tract one for first class dwellings. Reservations of lots may be made now. Six are already reserved.

Mrs. Pearl Wiseman, Mrs. M. Lewis, and Mrs. Dan Marble were San Francisco visitors Monday.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

BLEEDING FOR THE DEAR PEOPLE

George Creel, director of the NRA around here, "despite his personal wishes, cannot ignore the demands of his party;'" therefore he shall become its candidate for the Democratic nomination for governor.

So the ex-Denver Post editorial writer will run as hard as he can.

While the gentleman blandly tells the newspaper boys he would rather remain a private citizen and write squibs and read poetry, the call is too insistent. It is apparent that none but he can save the state. As he has heroically come to the rescue of the nation with other brain-trusters, so apparently no other man in California is just so well fitted as he to save the state from political chaos and economic ruin. His friends have said so. And do not his friends know? Certainly, who could speak with more authenticity than a friend, and especially a friend who intends to hold his or her job by a little fulsome flattery.

NRA Creel modestly admits that to hold the governership of California would lose him much money and a lot of comfort. But with a gesture of generosity and patriotic resignation—the state is calling!—he will give up many honest dollars and his afternoon siestas, that the Democratic party may first nominate him, and later his hundreds of thousands of admirers in all parties, elect him grand mogul of California.

We have always marveled at the sacrificing disposition of the politically ambitious. How they take financial punishment and submit to personal discomfort to assume leadership that none other anywhere can properly take care of! It has really been astounding to us for a long time.

One of these fine days the writer is going to run for office. When he does he intends to be honest with the people. He is not going to assume that most of the people who read his announcement are nit-wits. He is going to say that he believes, if nobody else does, that he is the smartest guy wasting his talents in private life. He will tell the truth. He wants the office. All that rubbish about his friends urging him to run will be nailed as a lie. His friends will have nothing to do with it. His palm is itching for power, and, mayhaps, a little easy money. He'll 'fess up to a bad case of the big head, and for downright egotism, we'll tell the world, no one can hold a candle to that which he has stored away in his infinitesimal brain. He will tell the folks that if he gets the job, instead of being a personal sacrifice, it will be a great boon to him. It will be the easiest money he ever made, and to have people bow and scrape to him will tickle that big gob of conceit that he knows he has never been able to hide from friend or foe.

But this man Creel is different. He is ready to BLEED for the d e a r p e o p l e !

ICKES DUMPED OVER THE APPLE CART

After the voters were given assurance by the proponents of the Central Valley Water Project that the United States government would sanction their undertaking, bordering as it did closely upon state socialism, word now is given out that Secretary of the Interior Ickes has turned the proposition down "cold."

California was induced to vote approvingly the immense outlay of public funds to build dams, generate electricity and control the flood waters of the Sacramento and San Joaquin rivers, under a campaign of misrepresentation on one hand, and on the other effective appeal to the sympathy of the average voter to create new jobs for the jobless.

The main theme of those who favored the idea was one of shaking Uncle Sam down, while that amiable gentleman, under Democratic rule, was in a liberal frame of mind. It was insinuated that the state of California was about to be given a Christmas present of millions of dollars, and the taxpayer, strange to relate, was to go scot free. Some way or other they made the voter believe that fifty per cent of the cost of the Central Valley Water Project would be paid for by the national government. The fact that California would be compelled to reimburse the federal government was kept quiet. If this phase of the matter hap-

C. LOUIS CRELLIN PASSES AWAY WEDNESDAY

Death claimed one of Pleasanton's most prominent business men when Charles Louis Crellin, passed away at his home on Second street Wednesday morning of last week.

Crellin was born in Oysterville, Washington, seventy years ago. He came to California fifty-nine years ago and spent the last fifty years in Pleasanton.

He formerly owned the Ruby Hill vineyard which he sold thirteen years ago. For the last thirteen years he has lived at his late residence as a retired business man.

He was a genial friend and host to everyone and had a wide circle of friends. He had been ailing since last October but was able to be around until the last few hours of his life.

In 1888 he married Miss Hattie M. Detjens, a member of a pioneer Pleasanton family. They spent their entire married life in this community.

Funeral services, which were in charge of the Graham Mortuary, were held Friday at an Oakland crematorium. Services were strictly private with Rev. Stutchell, formerly of Pleasanton officiating.

He was a member of the Pleasanton Alisal F. & A. M. lodge, Oakland Commandry and Aahmes Temple, of Oakland.

He leaves to mourn him, his widow, Mrs. Hattie Crellin, and a daughter, Mrs. Ruth Boutwell, of Salt Lake City, and a son, Earl, of San Francisco.

pened to be seen by inquisitive people or a section of the state press, it was met with the wink of the knowing politician, who by his facial grimace let it be known that the money would never be paid back. All these state aids would sooner or later be repudiated a la France. Therefore, why not get a little of the plunder.

It was inferred, what the federal government spends, foolishly or otherwise, should be of no concern to anyone so far away from Washington as the dear people who live in California. That is the kind of intelligent argument that put across the bright idea of the state of California invading private enterprise, and dipping dangerously into the waters of state socialism.

With one hundred and ten milloins of dollars to spend, what an orgy of graft and corruption might not have been expected. With the type of state administration now in power, California would have been fortunate if twenty-five cents of every dollar of that bond money ever reached a legitimate use.

Government in business means corruption, waste, inefficiency, favoritism, and eventual failure from every standpoint upon which enterprise is correctly judged. It is far better to pay a little more than just a fair profit to private enterprise than get a product made by a city or state under the mistaken assumption that it is cheaper, just because the price you pay over the counter may be less. Practically every municipally owned business is maintained by increased taxes, and the juggling of funds from other departments to trick the voter into thinking that a bunch of politicians can run anything successfully.

The state may well congratulate itself upon escaping from the Central Valley Water Project. With the United States refusing to chip in its half, the affair is as dead as the political carcass of our ridiculous governor, who, with his plunderbund political machine, aided by the sage of San Simeon, conceived the clever idea of getting their sticky hands on one hundred and ten millions of the people's money.

Census Shows Apple to Be Most Popular in Pie

New York.—A nationwide census of pie-eaters, involving an analysis of 12,000,000 meals, shows that apple is the most popular.

Among pies, apple is the men's choice in all parts of the country. Women also prefer apple pie in the East, but in the West they show a slight preference for lemon meringue.

The pie census, reported by the Woman's Home Companion, indicates that cherry pie is growing rapidly in favor everywhere in America. In fact, cherry is going ahead so fast that, if it continues its present rate of gain, it may be expected to outstrip apple pie in about 65 years.

The most popular luncheon menu in America today consists of a sandwich, a cup of coffee and a piece of pie.

The pie industry, however, has suffered quite seriously from the depression of the last four years. Americans eat one-third fewer pies now than they did at prosperity's peak. They ate $75,000,000 worth of pie in 1929, but only $55,000,000 worth last year.

The 20 most popular pies, after apple, cherry and lemon meringue, are: Pineapple, mince, pumpkin, prune, custard, raisin, rhubarb, strawberry, cranberry, chocolate, apricot, coconut, blackberry, raspberry, cream, date, huckleberry, cheese, squash and peach.

Work Horses Are Still Favored in Philadelphia

Philadelphia, Pa.—The horse still is holding its own in Philadelphia. And there's a reason, according to Max Litz, who stables 70 horses. "No one as yet has invented a truck that stops at red lights automatically," he said, "or starts when spoken to, or always realizes when it's on the wrong side of the street and corrects the error, or runs all day on a bag of feed and never stalls."

Only Fish With Four Eyes

A fish belonging to the minnow family that is a native of fresh water lakes and rivers of tropical America has the distinction of being the only fish with four eyes. The eyes of this fish are noticeably protruding and each one is divided into two sections, one to use below water and one above water. This is of great assistance to the fish in seeking the small aquatic creatures upon which it feeds.

Newfoundland Dogs

Two distinct colors are recognized as being standard in the Newfoundland dog: the dull, jet black coat with a tinge of bronze or a splash of white on the chest and toes and bronze or black and tan. In weight the males run between 140 and 150 pounds, while the females are lighter, ranging from 110 to 120 pounds. The male stands 28 inches high at the shoulders and the female 26 inches.

Cause of Leaves Turning Red

Two general classes of chemical compounds are responsible for leaves turning yellow or red. The carotinoids cause the yellows and the anthocyanins the reds and purples. Maples, which sometimes show a mottling of yellows and reds, may have local patches of anthocyanins masking out the cartinoid ground color.

AT LAST . . . you'll say, here is the kitchen equipment I have always longed for.

A range that is so colorful and clean-looking—a range that is so quiet and quick in operation—that is what you'll find in the modern fully automatic electric range. And when summer days grow hot this modern electric range with the insulated oven will not heat up the kitchen. That is one feature every woman should welcome.

And for hot water? Certainly you have plenty of it from an automatic storage type electric water heater. No more lifting, filling, heating, pouring with a tea kettle. Just turn a faucet and have hot water in abundance for every household need.

Why wait any longer? You can have both electric range and water heater installed on easy purchase terms. On the new low rate they are most economical to operate.

Feeble Rain Settles Dust Over Week-end

For the first time since February 25 rain fell in Washington township; not in any quantities worth mentioning, but definitely wet for a few hours.

Rain gauges throughout the region showed measurable amounts from five to fourteen hundredths inches, the most of which fell Saturday night and Sunday.

As far as could be ascertained locally, the slight wetting did little beyond settle the dust. A few fields of early hay were dampened. Luckily for cherry growers, their crops are not yet sufficiently advanced, and escaped injury. Irrigation activities, suspended hopefully Sunday, are again in full swing.

"Tin Can Mail" Takes Two Months to Arrive

Mailed from the ship in a tin can at the famous "Tin Can Island" in the South Seas, on February 7, a letter from Mrs. W. H. Ford to Mrs. J. R. Whipple arrived in Niles Monday.

For almost a century it has been the practice of travelers to mail letters in this fashion when passing the island. The can is picked up by a ship traveling in the opposite direction.

Curiously postmarked, these rare missives are widely sought by collectors.

BOOTH CANNERY PLANS ACTIVE SEASON

With all fruit canning operations of the company transferred to the Centerville plant, the F. E. Booth company cannery at Centerville will this year have the largest tomato and fruit pack in its history, according to M. T. Galvin, general superintendent.

New machinery, to handle the increased volume of fruit will be installed, and the plant enlarged in several departments. The company's plant at Pittsburg, heretofore one of the main fruit canning branches will pack sardines only this year. The fruit pack activities will be carried on at the Centerville branch.

With plans to run steadily on apricots, peaches, pears, tomatoes and fruit salad until the Christmas season, the Booth plant here will give employment to a large number of local workers, officials of the concern said.

To operate under the code, the cannery will employ two eight hour shifts. Workers may apply at the Centerville offices at the present time.

CENTERVILLE K. C.'S TAKE PART IN INITIATION

Concluding a series of contests that extended over a period of several weeks, the final games of the Knights of Columbus Pedro tournament were held recently at the meeting place of the Centerville group.

Winner of the series was Arthur Soito who won 8 out of 9 games played. A. P. Rose, Jr., and Joe Luiz tied for second place with 7 out of 9 games each. The consolation prize was awarded to W. J. Furtado.

Refreshments were served at the meeting, which was also taken up by a short business session.

Last Sunday, April 22, the Centerville council took an active part in the conferring of degrees at the auditorium of the Oakland council. Thirty-five candidates were initiated. A banquet followed at the Hotel Leamington.

In the line of sports the Knights have not been inactive. On Sunday, April 29, the Centerville council and the Berkeley council will play the first game of a three game series for the possession of the Brandon baseball trophy. The game will be played at the St. Mary's high school in Berkeley. Berkeley is in possession of the trophy at the present time. A win for Berkeley again will mean that they will retain the cup permanently. Centerville is determined to bring the cup back here this time.

FRANK ANDRADE TO BE TRIED BEFORE HIGHER COURT

Frank Andrade, principal in an Easter crash near Centerville, in which a number of people were hurt, was held for the superior court, after evidence at the preliminary hearing Friday at Centerville was found sufficient to support the felony charge brought last week. His bail was set at $500.

Investigation proving that grounds for the felony charge in the case of Anton Jensen, Jr., were insufficient, and that evidence produced was not as strong as first supposed, charges against Jensen were reduced to misdemeanor at the Centerville justice court. Jensen pleaded guilty and was fined $150. Jensen was arrested following an accident on the Mission highway on Easter Sunday. He was alleged to have been intoxicated.

SENIOR PLAY WILL BE STAGED AT W.U.H.S. MAY 26

"Come Out of the Kitchen," that uproarious three-act comedy by A. E. Thomas, and the perennial high school senior play, has been chosen by the senior class of the Washington Union High school as the vehicle for their histrionic talents this year.

Unusually well adapted to high school casts, and a piece of real merit the play chosen has twice before been the selection of senior classes at the Centerville high school.

Under the direction of Miss Sybil Botelho, rehearsals for the play will get under way within the next two weeks. It will be staged at the high school auditorium on May 26.

Miss Patricia Duffy has been selected to play the lead.

Finding the Mt. View pitchers for a total of fourteen hits, the Huskers were at no time in danger.

SCHOOL DISPLAYS SHOW WORK OF STUDENTS

Among well set-up school week displays in Washington township this week are three in Centerville, all arranged to catch the eye of the passerby.

Bill Kirkish, proprietor of Kirkish Department Store, has given over one entire window to a display of material from the high school art and domestic science departments. Clays, batiks, watercolors, dress designs, carvings and drawings are neatly arranged and identified.

The "Future Farmers" display, showing the activity along rural lines was displayed during the first part of the week at Floyd E. Parks' grocery store. Project plans, samples of potatoes, a rose display, and cow testing charts denote the interest of budding agriculturists and dairymen.

At the Bank of America, the display took over the scientific, historical and literary aspects of school work. Of interest in this display was a series of pictures showing historical buildings in Washington township.

SUNDAY SERMON

The Rev. W. D. Gordon's sermon for Sunday morning, at the Congregational church, is closely connected to the one of last week. After discussing the "Christ and His Manifestation of God" a week ago, the Rev. Gordon will speak on the question, "Can We Discover Anything About God?" This question is not to be answered carelessly. The text is taken from St. Paul, "I know in whom I have believed," and its development is such that an attempt is made to discover just what it was that Paul knew.

Mrs. W. D. Gordon will sing, "I Come to Thee," perhaps the most beautiful of Caro Roma's sacred compositions. Miss Estelle Martinstein will be the accompanist.

Mallard Drake Rescued From Well Monday

That ducks are fond of water is generally known, but it must have been a burning thirst that drove a mallard drake on the Donovan ranch down a forty foot well Monday.

Peering into the well Monday morning before he started his irrigation activities, Clement Donovan noticed a small dark blob moving about. Upon investigation the blob turned out to be the mallard swimming sedately around and around.

Although obviously tired and somewhat waterlogged, the green-headed fowl appeared little the worse for its subterranean venture.

Why Hospitals Use a Liquid Laxative

Hospitals and doctors have always used liquid laxatives. And the public is fast returning to laxatives in liquid form. Do you know the reasons?

The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms no habit; you need not take a "double dose" a day or two later. *Nor will a mild liquid laxative irritate the kidneys.*

The right dose of a liquid laxative brings a perfect movement, and there is no discomfort at the time, or after.

The wrong cathartic may often do more harm than good.

A properly prepared liquid laxative like Dr. Caldwell's Syrup Pepsin brings safe relief from constipation. It gently helps the average person's bowels back to regularity. Dr. Caldwell's Syrup Pepsin is an approved liquid laxative which all druggists keep ready for use. It makes an ideal family laxative; effective for all ages, and may be given the youngest child. MRS. CHARLES GREER, WRITER, SUMMONED AFTER LONG ILLNESS

Journalist, Poet, Lived In Niles During Past Year

By NELL F. MYERS

The passing of Mrs. Charles Greer yesterday morning, April 25, at the home of Mr. and Mrs. Leo Vincent, marks the closing of a long and devoted friendship extending over a period of forty-three years. Sympathetic and understanding, Mrs. Greer was well loved.

For several years Mrs. Greer was associated with Mr. Vincent in his publishing house in Indianapolis.

Following the death of her husband, Chas. Greer, a year ago, Mrs. Greer came to Niles to make her home with the Vincents, who cared for her during the long period of illness preceeding her death.

Born in Seymour, Iowa, Mrs. Greer first worked with Mr. Vincent in 1891. She was married to Charles Greer in Guthrie, Oklahoma while engaged in newspaper work there. Greer was at that time state printer at the capitol. Following their marriage, the Greers went to Denver where they both took editorial positions on the Rocky Mountain News. Coming to California, they made their home in San Francisco, and were for many years members of the News staff in that city.

Mrs. Greer is survived by a brother in the east. Funeral will be held in San Francisco tomorrow at the Cypress Lawn Chapel at 2: p. m. Interment will be in the Cypress Lawn Cemetery.

Stranded Fish Easy Prey For Youngsters

Cessation of the creek flow near Niles last week resulted in the harvesting of an unusual crop, in which itinerants and urchins took a lively interest.

Stranded fish, trapped in small drying ponds in the channel, were easy prey to the enthusiastic fishermen, who waded about after them.

Due to the long duration of the water release this spring, a larger number of fish than in previous years made their way into pools in the channel.

SENIOR PLAY STAGED AT PLEASANTON HIGH SCHOOL

Before a large and interested audience, "The Millionaire" a three act comedy, was presented by the senior class of the Amador Valley high school at the Veteran's Memorial building, Pleasanton, Thursday night.

The story dealt with the Heath's, which was supposed to have been an outstanding social family in an New England village.

Mildred Silva, who took the part of Blanchette, carried her role in an outstanding manner. She impersonated a young and inquisitive child of an attractive widow. Beverly Rosa took the part of the attractive widow and played it in a sophisticated manner.

Arnold Abrott, who took the part of Gideon Heath, the millionaire, did his part in an excellent manner. Jack Van Vleck who was an attractive artist carried his part in good form.

Radcliff Howell, as uncle Fred; and Linda Linsler, a flapper, furnished the humorus toucnes of the play.

Annette Giorgis, as Dorcas, who impersonated an orphan, finally won the man she loved in the end of the play, by being true and faithful to him.

Merle Kamp, as aunt Adeline, portrayed the part of a fussy old aunt in good shape. Ed Dolstra made a very good impression on the audience as Ronald, the college president.

All principals wore modern clothing. The scenery was that of a living room in an English village. It was constructed by E. O. McCormick, principal. Mrs. Anita Smith, was costume director. A. K. Zwisler was in charge of making up the cast.

Only CHEVROLET can afford to put FULLY ENCLOSED KNEE-ACTION with SHOCK-PROOF STEERING on a low-priced car

Drive it only 5 miles and you'll never be satisfied with any other low-priced car

When you pay the price of a Knee-Action car, you naturally want *genuine* Knee-Action *and all that goes with it.* You want the new gliding ride at its best. You want the huskiest, sturdiest front-end you can buy. And, of course, you want shock-proof steering. You pay for them all—*but you get them all,* in the low-price field, *only from Chevrolet.* The reason is simple. Fully-enclosed Knee-Action wheels are costly to build—so costly that only Chevrolet, world's largest builder of cars, can afford to make the necessary huge investment in new machinery—*and still keep prices among the lowest of the low.* Only Chevrolet has *the resources* and *the assured volume of sales* that permit this extra production cost. Chevrolet does it because Chevrolet believes that, to *KEEP ON SELLING THE MOST CARS, YOU MUST KEEP ON BUILDING THE BEST.*
